

High School Summer Mission Trip
Attention All High School Students.

Mark your calendars for Sunday July 22-Friday July 27, 2012.

This year we will be spending a week in the Appalachian Mountains, near Altoona, PA, working with an organization called TEAMeffort.

They are a well established Christian organization that over the past years, have brought together over 95,000 students and leaders. We will be helping to serve families in need through many hands on projects. These projects typically include painting, home repair, roofing and building wheelchair ramps. We will be staying in an all season resort with condominium style housing in a beautiful mountain setting. We will have use of the swimming pool, volleyball court, dinning hall, and meeting and worship rooms. Although we will be staying in comfort, our goal is to work hard, to experience God's Love, to build lasting friendships and to show our Love of Christ throughout an area in need. The cost is \$278 per person.
